Dayville School District No. 16J was awarded a State grant in the amount of \$700,000 which is available only if the bonds are approved. If the bonds are not approved, the grant funds will be given to another district.

If approved, this measure would finance capital costs within the District, including:

- Repairs and upgrades to the elementary school including safety improvements, electrical, wiring and lighting renovations
- Improvements to the stage area
- Pay issuance costs

Bonds would mature in 16 years or less from the date of issuance. If approved, the tax rate is estimated to be \$1.68 per \$1,000.00 of assessed value. Actual rates may vary based upon interest rates incurred and changes in assessed value.
