

Emergency Plan

in the event of being moved into a Level 3 Wildfire Evacuation

- **An automated call will be made to ALL parents/guardians as soon as staff have been notified of Level 3 Evacuation notice.**
- **ALL Students, including those driving personal vehicles, will get on the evacuation busses with the rest of the students — with the exception of those students whose parents have called the school before 8:30 AM on 9/5/2024 and expressed explicit permission to drive off campus and home in the event of a Level 3 Wildfire Evacuation.**
- **Aside from the bus drivers, there will be two other staff chaperones on each bus; 1 male and 1 female.**
- **Our first Evacuation stop point will be the Dayville City Park where parents/guardians can pick up in-town students quickly — within 15 minutes of the call going out.**
- **ALL students with parents/guardians unable to pick them up within 15 minutes will be bussed to two new Evacuation Destinations:**
 - **1.) students who live DOWN-RIVER from Dayville will be bussed to Monument School District to be picked up by their parents/guardians.**
